

Tianma would like to invite you to meet with us at CES in Las Vegas (January 7-10, 2014). We'll be located in Las Vegas Hilton Suite: East Tower 2BR #1569.

Tianma is a world leader in Passive/Monochrome as well as Active Matrix LCDs. Tianma Microelectronics now proudly celebrates two remarkable decades of its history. From the foundation in 1983, proactive pursuit of innovation and continuous product improvement enabled Tianma to maintain its un-rivaled position as a leading international supplier of Liquid Crystal Displays. Renown as the largest manufacturer of passive and monochrome LCD's of continental China, the company now occupies a territory of almost 1 million square feet (125K m²), of which 1.2 million ft² is designated for the manufacturing space.

Tianma's long-term success is inexorably linked to the technical expertise of staff and technological advances developed by the R&D team. The company's displays meet specific challenges of operation without compromise under the most arduous field conditions. Tianma produces displays resistant to extreme temperatures from -50 to +90 C at low voltages. It offers a wide range of conventional and special Liquid Crystal Technologies, such as: TN, HTN, ETN, BMTN, STN, FSTN, FFSTN, NFSTN, DSTN, ESTN, ECB, FSL, LFSL, Multi-Color TN, Color STN, and TFT.

For a meeting appointment please contact your Innovatech Sales Engineer or our office at Ryanc@innovatecha.com. We look forward to seeing you there!

Best Regards
Al Serpa
President
