

The TDK family of group companies, including **TDK Corporate of America**, **TDK-InvenSense**, **TDK Electronics Inc.**, **TDK-Micronas**, and **Chirp Microsystems**, are excited to invite you to visit us at this year's 2019 Consumer Electronics Show in Las Vegas, Nevada, January 8<sup>th</sup> – January 11<sup>th</sup>, in **Tech East, LVCC South Hall 3 #30306**:

([Click Here](#) for interactive show map)

Come visit us, explore our vision of “*Humanizing the Digital Experience*”, and experience advanced technologies in:

- ✦ Motion Sensing
- ✦ Ultrasonic TOF Sensing
- ✦ Biometric Security
- ✦ MEMS Microphones
- ✦ Pressure Sensing
- ✦ Magnetic Position Sensing
- ✦ Piezo Haptic Touch Technologies

Based on our technologies we will also be showcasing a large variety of consumer and industrial solutions:

- ✦ **AR/VR** – *Advanced 6DOF tracking technology, fusing latest 6-axis motion and 3D ultrasonic technologies for unparalleled performance.*
- ✦ **Automobile** – *Our answers to autonomous driving: Vehicle Dead Reckoning, Driver Assistance Systems, Electronic Stability Control, and Embedded Motor Control.*

- ✦ **Industry/Energy** – TDK will display a wide variety of passive components under in efficient management and distribution of energy in industrial and enterprise environments.
- ✦ **IoT** – Explore our complete range of sensors and sensor solutions for IOT including 3, 6, 7, and 9-axis motion sensor & solutions and microphones & voice control microphone solutions!
- ✦ **Medical** – Come and learn about TDK’s Silmee wearable and gateway solutions, which are designed to enable real time patient monitoring and seamlessly data to care providers.
- ✦ **Robotics** – Whether your robotic designs are for industrial or consumer applications, come hear how TDK microphones, magnetic, and motion technologies can support every use case scenario.
- ✦ **Mobile/Smartphone** – Learn from TDK what the future of Electronic Image Stabilization (EIS) and Optical Image Stabilization (OIS) solutions will provide for next-generation smartphones.

**TDK will have a 2-story booth:**

- Downstairs will be 2 small meeting rooms handling ~4 people, along with a larger mid-size ~6-person meeting area with a private demo staging area.
- Upstairs will be another mid-size room handling ~6-8 persons and a large meeting area handling ~8-10 persons.
- There is also plenty of lounge seating for impromptu meetings.

TDK will have senior members from the TDK, Micronas, Tronics, and InvenSense executive teams, along with product and technical management available for any inquires. Please contact us to schedule your personal tour through our technologies and meet with us in one of our conference rooms to discuss your needs and our vision of “Humanizing the Digital Experience” at this year’s CES | 1/8-1/11 | Las Vegas, NV | South Hall 3 #30306 ([Click Here](#) for map).

**We are looking forward to seeing you at CES 2019!**
